WELCOME TO CHICAGO!

Karen Dineen Wagner, MD, PhD

It is my pleasure to welcome you to our 66th Annual Meeting. We are excited to be hosting this year's meeting in Chicago, along the beautiful shores of Lake Michigan. While you may choose to enjoy one of the iconic foods for which Chicago is known—deep dish pizza and popcorn—you are participating in a meeting that delivers the best in continuing education with child and adolescent psychiatrists gathered from around the globe. The goal of the meeting is to help advance AACAP's mission to "promote the healthy development of children, adolescents, and families through advocacy, education, and research and to meet the professional needs of child and adolescent psychiatrists throughout their careers."

This year's Annual Meeting offers something of value for every child and adolescent psychiatrist and highlights many key issues. To align with my Presidential Initiative on Depression Screening and Awareness in Children and Adolescents, a wealth of programming on this topic is infused throughout the entire meeting and featured in several Clinical Perspectives, Workshops, Symposia, and other special Annual Meeting sessions. Be sure to attend the Lawrence A. Stone, MD, Plenary on Friday, October 18, for a presentation by Joshua A. Gordon, MD, PhD, Director of the National Institute of Mental Health, entitled, "Progress and Priorities in Child and Adolescent Mental Health Research." On Saturday, October 19, I interview Neal Ryan, MD, Professor of Child and Adolescent Psychiatry at the University of Pittsburgh. Dr. Ryan is an accomplished leader in research on depression and anxiety and machine learning techniques in psychiatry. Don't miss the Karl Menninger, MD, Plenary on Wednesday, October 16. In this session, AACAP President-Elect, Gabrielle A. Carlson, MD, introduces her Presidential Initiative in an address entitled "Emotion Dysregulation in Children and Adolescents."

I applaud and thank AACAP's Program Committee, chaired by James J. McGough, MD, who is assisted by the members of the Committee, Deputy Program Chair Tami D. Benton, MD, and staff, led by Jill Z. Brafford, CMP, MTA, Director of Meetings and Continuing Medical Education, and Lucinda Flowers, CMP, Assistant Director of Meetings. Their job is an interesting and complex, and delicate one that includes creating the call for papers, carefully reviewing every submission (a record 595 this year), making sure that key areas are addressed and the program is balanced. They have done tremendous work in developing the program schedule and fitting all sessions and other events into the available meeting rooms and attractive venues. The rigor, care, and time that goes into every program is truly impressive. The attendees experience the best part – enjoying the meeting as well as the city of Chicago. Many of the local events have been knowledgeably planned and orchestrated by the Local Arrangements Committee, chaired this year by Margery R. Johnson, MD.

I look forward to an enjoyable and productive meeting in Chicago, and I hope you do, too. It's always a high point of my year, as it provides hope for the future with our collective commitment to improving the mental health of children.

Sincerely yours,

A handwritten signature in black ink that reads "Karen Dineen Wagner". The signature is fluid and cursive, with the first name "Karen" being the most prominent.

WELCOME TO AACAP'S 66TH ANNUAL MEETING!

James J. McGough, MD

On behalf of the Program Committee and the entire AACAP Staff, we are looking forward to seeing all of you at AACAP's 66th Annual Meeting in Chicago!

We have an impressive lineup of educational and innovative sessions to offer this year. As always, the large majority of our sessions are accredited for continuing medical education (CME) credit; therefore, attendees can receive up to 50 CME credits by attending the entire meeting.

We look forward to providing attendees with the following:

- **Wellness Initiative** allows attendees to take advantage of the twice daily yoga and mindfulness meditation classes, wellness-related education sessions and activities, as well as exercise in and around Chicago.
- **CME tracking through Pathways** allows you to track your AACAP as well as other organizations' CME credits all in one place through our online learning portal (<https://www.aacap.org/pathways>).
- **Programming on Depression**, tying into Dr. Wagner's Presidential Initiative. View the online program schedule to find the listing of depression-related programming at www.aacap.org/AnnualMeeting-2019.

With important ongoing changes in the field regarding depression screening, excessive use of electronics, gun violence, school shootings, AACAP's desire to address the tremendous unmet mental health needs of migrant children and families at the border, and updated research in complementary medicine and psychopharmacology, mental healthcare professionals can't afford to miss this year's Annual Meeting and we are so happy that you are joining us to learn more about these important topics.

So again, welcome to Chicago and to this year's Annual Meeting!

Warm regards,

A handwritten signature in black ink that reads "James J. McGough MD". The signature is written in a cursive, flowing style.

CME CREDITS

The American Academy of Child and Adolescent Psychiatry is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Annual Meeting

The American Academy of Child and Adolescent Psychiatry designates this live activity for a maximum of 50 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The following is a breakdown of maximum CME credits offered by session type:

- 2 credits for each Clinical Case Conference
- 1.5 credits for each Clinical Consultation Breakfast
- 2.5 credits for each Clinical Perspectives
- 7 for Clinical Practicum
- 6-8 for each Extended Workshop
- 0.75-3 credits for each Honors Presentation
- 6-8 credits for each Institute
- 2-3 credits for each Media Theatre
- 1-3 credits for each Member Services Forum
- 1.5-7 credits for each Other Program
- 1.5 credits for each Special Interest Study Group
- 2.5 credits for each Symposium
- 7 credits for the Systems of Care Special Program
- 3 credits for each Workshop*

The following programs are not accredited for CME: Caucuses, Committee Meetings, Corporate Roundtable, Distinguished Member Awards Lunch, International Orientation, Junior Research Scholars Lunch, Medical Students and Residents Networking Hour, Monitor Orientation, Networking for International Attendees and Presentation of International Awards, New Research Posters, Open Mic Night, Research Pipeline: New Findings on Medications and Other Therapeutics, Young Leaders Awards Breakfast, and Wellness Activities.

* Workshop 26: Helping You Know What You Don't Know-A Self-Assessment Review of Psychopharmacology offers ABPN-approved self-assessment credit and will offer its own separate CME certificate. The credit earned from this session should not be included with the master CME certificate used for the rest of the meeting.

Self-Assessment Exam

The American Academy of Child and Adolescent Psychiatry designates this enduring material for a maximum of 8 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The American Board of Psychiatry and Neurology has reviewed the 2019 AACAP Annual Meeting Self-Assessment Exam and has approved this product as part of a comprehensive CME and self-assessment program, which is mandated by the ABMS as a necessary component of maintenance of certification.

The *2019 Annual Meeting Self-Assessment Exam* is designed to help you assess your level of knowledge and skills regarding current psychiatric practice and clinical advances in the field and use feedback to guide your selection of sessions at the Annual Meeting. The Exam expires on **November 30, 2019**.

How do you earn CME credit from AACAP's 66th Annual Meeting?

Annual Meeting

CME credit is earned by attending educational sessions. For each hour you attend an educational session, you earn 1 *AMA PRA Category 1 Credit*[™]. It is your responsibility to keep track of the sessions you attend. You should note the sessions you attend in your *Program Book* or the AACAP App and keep it for your records. AACAP does not keep records of registrants' attendance at individual Annual Meeting sessions.

Self-Assessment Exam

CME credit is earned by completing the 100-question exam. Users should then review their exam feedback to best determine future CME activity planning. To access your exam:

- Go to <http://www.aacap.org/pathways> and login using your existing AACAP username and password. Be sure to use the same username and password you used to register for the meeting.

- Once logged in, click the red “Access Your Courses” button.
- You will be directed automatically to the Pathways homepage and the course “2019 AACAP Annual Meeting Self-Assessment Exam” will appear in the “Incomplete Courses” section.
- Select the “Launch” button to begin.

How do I complete evaluations for AACAP's 66th Annual Meeting?

Annual Meeting General Evaluation

To obtain your CME certificate, you must complete the general evaluation on Pathways. To access Pathways:

- Go to <http://www.aacap.org/pathways> and login using your existing AACAP username and password. Be sure to use the same username and password you used to register for the meeting. Click “Forgot my password or my username” if you need it to be emailed to you.
- Once logged in, click the red “Access Your Courses” button.
- You will be directed automatically to the Pathways homepage and the course “AACAP's 66th Annual Meeting” will appear in the “Incomplete Courses” section.
- Select the “Launch” button to begin.
- You must complete this general evaluation in order to claim CME credit.

Individual Session Feedback

Session feedback can be completed through the AACAP App or through Pathways. If you provide session feedback in the App, **you do not need to complete it again in Pathways.** Submitting Individual Session Feedback is optional.

To fill out your session feedback:

- Pathways: Go to <http://www.aacap.org/pathways> and login using your existing AACAP username and password. On the “AACAP's 66th Annual Meeting” page, you can complete individual session feedback by selecting the day or session type.

OR

- AACAP App: Click into the session details for the session you attended, and then click the “Evaluate” button at the top.

Self-Assessment Exam Evaluation

The evaluation will become available once you've completed the exam. You must complete this evaluation in order to claim CME credit.

How can I obtain a CME certificate from AACAP's 66th Annual Meeting?

Annual Meeting

To access your CME certificate:

- Go to <http://www.aacap.org/pathways> and login using your existing AACAP username and password.
- Be sure to use the same username and password you used to register for the meeting.
- Once logged in, click the red “Access Your Courses” button.
- You will be directed automatically to the Pathways homepage and the course “AACAP's 66th Annual Meeting” will appear in the “Incomplete Courses” section.
- Select the “Launch” button to begin.
- Complete the general evaluation.
- Claim your CME credits.
- Print or save your CME certificate. A copy will also be emailed to you.

Self-Assessment Exam

Once you have completed the 100-question exam and short evaluation you will be able to print out your CME certificate (a copy will also be emailed to you). For questions, contact AACAP's CME Department at cme@aacap.org.

Can I earn CME credits by purchasing the session recordings or notebooks from AACAP's 66th Annual Meeting?

No. CME credit is not available for session recordings or notebooks purchased from the 66th Annual Meeting.

AACAP App

Download AACAP's 2019 Annual Meeting App! The App is free for all attendees and with it you can:

- View and search the meeting program schedule
- Access session presentations and handouts
- Complete session feedback
- Read proceedings abstracts
- Search for speakers
- Check out who is exhibiting and find their booth on the Exhibit Hall floor plan
- Look at hotel floor plans
- Create a personal schedule
- Access other meeting information, as well as a restaurant guide for Chicago

Downloading the AACAP App is easy. Visit the App Store on your device and search for "AACAP 2019." Once the App is downloaded, login with your AACAP login to access all of the features.

The AACAP App is supported by American Professional Agency, Inc.

Download the App to take full advantage of everything the Annual Meeting has to offer!

Looking for a fast lunch option?

Download the **Ritual App** and save some time by ordering local fast food and coffee takeout options ahead and skip the lines!

QR Code Disclaimer

All attendee badges have a printed QR code. The QR code is specially designed so that no attendee information can be collected without the purchase and use of a special AACAP-approved module to be utilized through an app. If you choose to have your badge scanned in the Exhibit Hall, exhibitors who have purchased the AACAP-approved module will be able to collect basic contact information (including mailing and email addresses) by scanning your badge. Otherwise, your personal information is protected and cannot be shared in any way.

Wireless Internet Access

There will be free wireless access throughout the meeting space at the **Hyatt Regency Chicago**. To access the wireless network, follow these steps:

1. Select the **AACAP** network
2. You will immediately be prompted for a password, enter **AACAP2019**
3. You are ready to use the WiFi!

Please note that you will need to reconnect to the wireless network each morning in the meeting space at the Hyatt Regency Chicago.

DECIDING WHAT TO ATTEND AT THE ANNUAL MEETING?

Below is a description of each type of program offered at the Annual Meeting. Each type of program has a unique focus and purpose, so you can pick the programs that best fit your needs.

Open to All Attendees:

- **Clinical Case Conference:** Allows clinicians to present difficult case material and includes discussions of diagnostic, clinical formulation, and/or treatment issues. These programs are two hours long.
- **Clinical Perspectives:** Similar to Symposia, Clinical Perspectives present a particular topic related to treatment, research method, service delivery, or clinical care, which is evidence-based, but also includes the “art” and clinical wisdom of the practice of child and adolescent psychiatry. These programs are two and a half hours long.
- **Media Theatre:** Features motion pictures, commercially released documentaries, videotapes, music, and other forms of media relevant to any area of child and adolescent psychiatry. These programs are two to three hours long.
- **New Research Poster Session:** Authors present the results of data-rich research or clinical reports with opportunity for feedback from viewers.
- **Symposium:** Data-driven programs that present perspectives on different aspects of a topic or differing views of the same topic. These programs are two and a half hours long.
- **Wellness:** Designed to provide participants with tools for relaxation, personal enrichment, avoidance of burnout, and experiential learning opportunities in methods proven to be beneficial for patient wellbeing. Some examples from past meetings include yoga, meditation, bike riding, running, therapeutic drawing, poetry writing, paper cutting, and music therapy. CME credits are not offered for these sessions.

Open to AACAP Members Only:

- **Committee Meeting:** Official meetings of AACAP’s Committees and are open to all AACAP members, unless otherwise noted.
- **Member Services Forum*:** Designed to provide a practical service to AACAP members, such as training on how to be an advocate or updates on CPT codes.

Ticketed Events for All Attendees:

- **Clinical Consultation Breakfast:** A forum for experts to share clinical wisdom and discuss difficult cases with attendees. These programs are one and a half hours long and limited to 15 participants.
- **Clinical Practicum:** Provides members with guidelines on the assessment and treatment of a specific clinical topic. The Practicum takes place offsite from the hotel and features facilities that are unique to the host city. Attendance is limited to 30 AACAP members.
- **Extended Workshop:** A full day program, 6-8 hours in duration. Extended Workshops provide additional time and opportunity to master evidence-based therapeutic interventions beyond what is possible in the standard 3-hour Workshop. At its conclusion, participants should have gained sufficient expertise to implement newly learned treatment approaches or interventions into their clinical practices. Extended Workshops are limited to 40 participants.
- **Institute:** Focuses on “how to do it” with respect to clinical problems, academic areas, or a blending of the two. Institutes are designed for attendees who wish to be taught a comprehensive and authoritative overview of a topic area. Institutes are full day programs. Notebooks with all program materials are included.
- **Special Interest Study Group:** Allow individuals with similar interests to share their clinical or research experience, develop collaborations or networks, or discuss mutual interests. These programs are limited to 25 attendees and tickets are free but required.
- **Workshop:** Provide instruction on treatment, research method, delivery, or organization of services, and are designed to encourage discussion in a small group. They are limited to 30 attendees.

**This year, some Member Services Fora will be open to all attendees. Each session will be noted whether it is open to members-only, or to all attendees. Attendees are encouraged to check the online program schedule for more information on these sessions.*
